Steelite International – a truly global company

As a world-leading manufacturer and supplier of award-winning, inspirational tabletop ranges, we pride ourselves that we still produce core chinaware products at our Stoke-on-Trent factory. In fact, the factory still occupies the same spot today, from when the business moved there in 1939.

Operating with a worldwide geographical coverage, trading with over 120 countries, we work exclusively for the hospitality and catering industry. We have a full understanding of what is important to professional caterers – both practically and in style. With “a passion to inspire” we are constantly responding to the requirements of the industry without distraction.

Our latest edition of Collections brings together the depth and creativity of those ranges. Each piece of the tableware and decorated glassware ranges has been carefully developed and selected. So, let your imagination, vision and skill work with Collections to produce a truly creative tabletop.

our passion

To reflect our obsession to provide the very best in tabletop solutions, we believe in continuous investment in every aspect of the business along with a culture of honesty and integrity. As a result, Steelite International are proud to be accredited with Investor in People, ISO 9001:2000 Quality Management Systems and the ISO 14001:2004 Environmental Management Standard.

We are also members of The British Safety Council – one of the world’s leading occupational health, safety and environmental organisations and The Green Organisation – an independent environment group dedicated to recognising, rewarding and promoting environmental best practice around the world.

Key to our professional memberships and certifications was the installation in 2007, of a Lamella system. As one of only a handful of UK companies with this technology – it enables us to recycle clay waste from the manufacturing process. As a result, this has helped us to significantly reduce our environmental impact, with 75% of waste materials created by our manufacturing activities being recycled, thus minimising our carbon footprint.

meeting every need...

Steelite International only operate within the hospitality and catering industry. We have a clear focus and are able to use our insight into the sector to truly recognise and understand the needs of the industry.

We operate as a tabletop specialist in over 120 countries worldwide – you could be eating from our product in the four corners of the world! Where there's a tabletop, Steelite International has a fantastic solution to suit.

Steelite International represents a contemporary product that is synonymous with quality. At The Belfry, we want a service we can rely on, one that meets with our everyday business needs. I am delighted that Steelite International consistently provides high standards of goods and services at all times.

David Headley
Food & Beverage Support Manager
The Belfry

English Lakes Hotels chose Steelite International as its preferred nominated supplier to the group because the company is able to offer so much more than top quality, modern design, shapes and styles of crockery. They provide a complete tabletop package, including a design service, restaurant layout and excellent competitively priced glassware, cutlery and accessories – all from one company.

Douglas Dale
Operations Director – English Lakes Hotels

The brand new Crowne Plaza Copenhagen Towers in Denmark has picked out components from the Spyro, Monaco White and Simplicity White collections for both their restaurant, Storm, and their bar and café, Still.

Food and Beverage Director Fredrik Sandström explains why: "There are three main reasons for us to choose Steelite as our supplier: Excellent service, excellent quality and excellent work with sustainability. All the way through, reliability has been a keyword. The sales manager flew in from UK to present the products we had ordered and to give us advice. He showed us that these people really know their products. With its pure lines, the chinaware matches our Scandinavian design in the hotel perfectly – yet it still has a twist of finesse. And when the 28 pallets arrived, not a single item was broken. And last but not least, Steelite puts great effort into working with its environmental footprint – just like we do at our hotel."

Fredrik C. Sandström
Food & Beverage Director

We are pleased with the result of our project with Steelite International. The company's product range and services are excellent, ensuring a seamless roll out. Now completed, they have fulfilled every commitment and are continuing their support, looking at new projects with the John Lewis Partnership.

Joe Teixeira
Head of Catering – John Lewis Partnership

L'ortolan and La Becasse are special – restaurants with their own history, exuding their own special aura. Our restaurants demand much of all involved – dedication, commitment and time – but most of all they demand passion!

Suppliers are looked on as partners in our experience – partners that can relate and contribute to these special demands. The people from Steelite International do exactly that.

Alan Murchison

Quality and dependability are two essentials that every Chef demands from a supplier. Steelite International provides both, adding creativity and innovation through the extensive portfolio of new products.

They bring a positive approach to their involvement with the Craft Guild of Chefs and are extremely supportive of the Guild and its members.

Steven Munkley
Executive Chef – Royal Garden Hotel,
London

I have an intense interest in the completeness of the dish, whilst the food will have its own unique combination of flavours and textures it is not the finished article until it marries perfectly with the plate, bowl or cup to create a presentation.

In Steelite International I have found a company that is motivated to assist in this objective, providing true creative innovation. Their portfolio of products is a real treasure-house of ideas.

Vineet Bhatia
Chef Patron – Rasoi, London

Steelite International consistently show their understanding of the needs of the restaurateur. The team's ability to develop new designs, whilst having an awareness of pricing and delivery criteria means that everyone can share in the glory of great tabletops serving food we are proud of.
